

Website Development Report – Cheerful Givers Community Outreach

1. Introduction

This report outlines the development of the Cheerful Givers Community Outreach website. The purpose of the website is to provide information about the organisation, its mission, services, leadership team, and contact details while improving community engagement.

2. Project Overview

The website was developed using HTML5, CSS3, and JavaScript. The final solution includes a responsive layout, modern user interface, navigation menu, service cards, team profiles, and contact section.

3. Technologies Used

- HTML5 for structure
- CSS3 for styling and responsive design
- JavaScript for interactive functionality
- GitHub for version control
- Netlify for deployment

4. Website Features

The website includes a fixed navigation bar, hero section, about section, services section, leadership team section, contact section with embedded map, responsive design, and visual animations.

5. Design Decisions

An orange colour palette was selected to align with the organisation's branding. The Poppins font was used to improve readability. Flexbox and CSS Grid were used to create structured and responsive layouts.

6. Testing and Debugging

The website was tested on desktop and mobile screen sizes. Layout issues, spacing problems, and responsiveness were corrected during development. Git commits were used to track progress and changes.

7. Version Control

GitHub was used throughout the project. Development was completed through small commits covering layout creation, navigation styling, section development, animations, and responsive design.

8. Challenges Encountered

Challenges included creating responsive layouts, organising content effectively, and ensuring consistent styling across sections. These were resolved using CSS Flexbox, Grid, and media queries.

9. Conclusion

The project successfully delivered a modern, responsive website for Cheerful Givers Community Outreach. The website improves usability, presentation of information, and community engagement opportunities.
